MYSORE LOCAL EXAMINATIONS.

With reference to Note 3 in page 2 of Notification D. No. 92, dated the 28th February 1917, "German Higher Schools" by J. E. Russel—Longmans Green & Co., Price 2 dollars, is prescribed as a special book under History of Education for the Collegiate Training Examination of 1920.

Circular C. No. 27 *of* 1918 19, *dated 16th January* 1919.

To—The Managers of Aided Institutions and the Inspectiny Officers of the Education Department.

It has been found in many cases that the applications for several kinds of grants such as salary, equipment and building are not made in accordance with the provisions of the Grant-in-aid Code, thereby causing unnecessary correspondence and consequent delay in the sanction of grants. It has been noticed that some of the Managers of aided institutions purchase the necessary articles and appliances and then apply for grants, though it is clearly mentioned in Rule VI 3 of the Grant-in-aid Code that "no grant shall be given on the purchase of any article, which has not been previously approved of by the sanctioning authority or which has been ordered, purchased or supplied before the sanction of the grant has been promised".

To avoid such inconvenience in future, the Managers of Aided Institutions are requested to see kindly that the applications for all kinds of grants are made in strict conformity with the Grant-in-aid Rules.

C. R. REDDY,
Inspector-General of Education.
